

Remember this isn't regular homeschooling, you are trying to support your child and their learning during a pandemic- be kind to yourself.

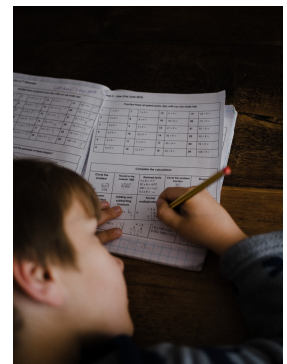

Keep it simple, keep it fun, keep it short

Seize your learning opportunities

Find out what motivates your child to do school work

## Top Tips for Home Schooling During a Pandemic (by Parents)

Give them plenty of down time

Make the most of it when you catch them in the right mood

SPECIAL EDUCATIONAL NEEDS RESOURCES BLOG

Some days it goes to plan and some days it doesn't, just go with it.

Stagger the activities

Limit how many online resources, social media ideas and friends' 'day in isolation' posts influence your day. Don't let the guilt in!
